

It's All About Family. We'll Help You Get There!

IJO family for us is an amazing business and social network of fellow store owners who genuinely care about each other, and are openly willing to share ideas. Our IJO family of friends is a great sounding board that provides perspective not otherwise available to us. In IJO we have made lifelong friendships and these friends offer steadfast support in all areas of our lives.

We have accomplished a tremendous amount of growth during 20 years in IJO and we attribute much of our success to the opportunities afforded to us at IJO conference educational programs. IJO conferences are much more personal than any others we have attended. IJO understands the needs of the independent jeweler and they offer and deliver solutions while providing individual support. We have taken advantage of the Antwerp Diamond Buying Program and these semi-annual trips have broadened our cultural experiences while at the same time establishing our store as "The Diamond Store." These travel experiences have exceeded our expectations.

Patrick, Kim, Mallory & Sean Murphy
Murphy Jewelers, Pottsville, Hamburg & Saucon Valley, PA

The largest jewelry buying group in the world.
